

# GIVING CANADIANS A NEW *Leash* ON LIFE

THANKS FOR YOUR SUPPORT!

## IF YOU COULD CHANGE A LIFE IN ONE HOUR, WOULD YOU?

By participating in the Pet Valu Walk for Dog Guides you can help provide life-changing Dog Guides to Canadians with disabilities.

There are more than 240 Walks taking place across the country. All you need to do is register, fundraise and lace up!

### Step 1

#### FIND A WALK

Register online at [www.walkfordogguides.com](http://www.walkfordogguides.com) or in person at your local Walk. You do not have to participate in the Walk to show your support. You can support a walker with your donation, or donate to the Walk itself.

### Step 2

#### FUNDRAISE

Collect donations online or in person using the form on the reverse side of this pamphlet. Be sure to encourage others to fundraise and walk with you!

### Step 3

#### SUBMIT ALL COLLECTED DONATIONS

You can give donations to organizers at your local Walk, or follow the bank instructions (on the reverse), or return by mail. Each step you take will bring someone with a disability closer to greater safety, mobility and independence!

#### Canine Vision Dog Guides...

assist Canadians (12 years+) who are blind or visually impaired. These Dog Guides are trained to navigate obstacles typically found on daily routes, including curbs, steps, and crowds. With a Dog Guide to help them travel freely and safely, handlers feel self-assured every time they leave home.

#### Service Dog Guides...

help Canadians (10 years+) who have physical or medical disabilities. These Dog Guides aid handlers in retrieving objects, opening/closing doors and appliances, and are trained to bark or activate an alert system when help is needed.

#### Autism Assistance Dog Guides...

help families with children (ages 3-12) on the autism spectrum. These Dog Guides provide safety, companionship and unconditional love. They offer a calming relief for children in high anxiety situations and reduce the stress commonly experienced in public places.

#### Hearing Ear Dog Guides...

assist individuals (10 years+) who are deaf or hard of hearing, and are unable to detect everyday important sounds. These Dog Guides have been taught to distinguish sounds (doorbell, alarm clock, baby crying, ringing phone, etc.), make physical contact with their handlers, and then lead them to whatever is making the noise.

#### Seizure Response Dog Guides...

are trained to help people (6 years+) with epilepsy. These Dog Guides are capable of activating an alert system or barking for help in the event of a seizure. Their ability to both respond and react quickly provides their handlers with confidence to live independently.

#### Diabetic Alert Dog Guides...

assist people (10 years+) who have type 1 diabetes with hypoglycemic unawareness. They are trained to detect sudden drops in their handler's blood sugar through scent, alert them so they can ingest something sweet, and avoid a hypoglycemic episode which can lead to life-threatening effects. These Dog Guides are also able to get help or activate an alert system if needed.

RAISE  
\$150

COOLER  
BAG

RAISE  
\$500

DUFFEL  
BAG

RAISE  
\$1,000

BLUETOOTH  
SPEAKER

+ PLUS +
